AN APPEAL

Karaikudi has fast developed as a leading education city in Tamilnadu. The bold vision, dynamic efforts and limitless philanthropy of Dr Sir RM Alagappa Chettiar has been the contributing factor for this development.

We are currently witnessing a resurgence of initiatives and institution building for educational and religious purposes on the other side of Karaikudi, in and around Koviloor, thanks to the leadership and funding provided by His Holiness Sri La Sri Jnana Desika Nachiappa Swamigal.

A welcome and appropriate addition to the city, in this context, will be the establishment of a temple for Jnana Saraswati. Temples for the deity are few and far between. We have Saraswati temples in Benares, Basar in Andhra Pradesh, and in Koothanur in Tamilnadu. A major temple for Saraswati will not only benefit the education city of Karaikudi and its environs, but the entire state of Tamilnadu and the country.

His Holiness Sri La Sri Jnana Desika Nachiappa Swamigal has assigned two acres plus of land belonging to the Koviloor Mutt, between Koviloor and Karaikudi, for this project. He is also having a bridge built from the main Madurai - Rameswaram road to make this tract of land easily accessible.

Padma Sri Muthiah Sthapathi who has built some of the most beautiful temples both in India and in the U.S.A., has prepared the plans for construction of this temple in granite. A unique feature will be that the Vimana on the Garba Graha will be bulit like a Raja Gopuram.

Guru Moorthams such as Dakshina Moorthi, Lord Swaminatha, Lord Agastya, and other leading sages and saints will be installed. Pattinathar and Karaikal Ammayar will be among those honoured.

An integral component of the project will be provision of short term vocational training for women. Our role will be that of a cooperating institution with the Koviloor Mutt, which is putting up a new building and undertaking the primary responsibility for organising the curricula and equipment for a number of courses. Mrs Valli Muthiah will represent the sponsors in organising assistance for this project.

Your participation is greatly welcomed to establish and further the growth of this project
